4. Categories of Special Educational Needs catered for in the school/special class

On enrolment of children with special needs the Board of Management will request a copy of the child's medical and/or psychological report or where such a report is not available, will request that the child be assessed immediately. The purpose of the assessment report is to assist the school in establishing the educational and training needs of the child relevant to his/her disability or special needs and to profile the support services required. Following receipt of the report, the Board will assess how the school can meet the needs specified in the report. Where the Board deems that further resources are required, it will request the Special Education Needs Organiser (NCSE see Circular 01/05) to provide the resources required to meet the needs of the child as outlined in the psychological and/or medical report. Note for schools: The act does not require schools and special classes providing for a category or categories of special educational needs to change their current status. The current arrangements in relation to the category or categories of special educational needs

provided by schools will continue as in previous years unless otherwise directed by the NCSE or the Department.
