

Hi Eoghan, Conor and Páraic.

I hope ye are keeping good and are enjoying the good weather. Did you like the Story "The Biggest Baddest Wolf "I have a new one for you this week, I'm sure you will like it, It's called "Alone in the Woods"

Below is a menu of activities you can do this week. As always the work suggested is a guideline, a menu of activities and **everything is optional, however I am highlighting the water safety lessons this week.**

As we are coming to the end of our school term, from next week on we will be reducing the volume of activities that we are asking the children to complete. As always keep encouraging you child to read. <https://home.oxfordowl.co.uk/books/free-ebooks/> is an excellent resource that is providing free on-line books for children up to 11 years of age. All you need to do is create a free account and search books according to your child's age.

Please Remember the Paws Lessons also for this week and next Week.

Remember as always I am here to support you and your child and if you have any concerns please drop me an email and I will get back to you as soon as possible. hkelly.burranens@gmail.com.

Don't forget to keep washing your hands and keep practicing the social distancing guidelines.

Ms. Helen Kelly.

PAWS (Primary Aquatics Water Safety) programme; this is a revision and continuation of what we learned in school last year. I'm sure you children will remember their PAWS hero certificate from last year. We use PAWS to teach your children how to be safe around water in homes, on farms, pools beaches and on our waterways. Irish Water altered the PAWS programme so that parents can use at home to teach children water safety.
